Message from Ada Masciarelli Writer/Director

Good evening and welcome to I Can Dream Theatre Group's 4th production "**The Tale of Hambeth(ish)**" – a musical comedy.

We are so grateful for the opportunity to work with such an amazing and talented group of young adults, and so humbled that we can share their phenomenal body of work with you.

The cast tonight consists of 22 actors including 4 new actors this year. We started rehearsals for this production in January and rehearsed on an average of twice a month. Although that seems like a long time it is only a total of 90 hours of rehearsal time!! I am sharing this with you because when you see this outstanding performance tonight you will be astonished as to what this group can achieve in that little window of time.

This cast is not only talented but driven to keep challenging themselves as well as us to strive for more. For this performance we challenged them more than we ever have before, and they have risen to and surpassed everything presented to them.

A production of this calibre is not possible without the endless and tireless efforts of our remarkable volunteers. From costumes to set design, media and everything else in between, they continue to support and believe in this wonderful group. I thank them for their unwavering contributions. We could not have done this without them!

A special thank you to our I Can Dream Committee members who devote their time and efforts to continue to help make I Can Dream grow and achieve greater heights.

I would also like to thank our sponsors for their generous support in helping us put on this production tonight.

To the cast, I am in awe as you continue to inspire and motivate not only myself but those around you.

To my partners Michele Matthews and Tricia Bartley, I am blessed and honored to work with you and to be on this incredible journey together!

And to all of you here tonight, please always remember, if you can dream it you can live it!

Thank you so much for coming and enjoy the show!

Musical Direction and Choreography

Good evening everyone and welcome to *The Tale of Marbeth(ish.)*

Thank you for coming out and supporting the I Can Dream Theatre Group. Each year, I try to push our cast musically and choreographically and this show is no different!

The level of difficulty in what will be presented tonight is the highest it's been yet and the cast is hitting every note and executing every dance step! I continue to be amazed and proud of their dedication and accomplishments.

Each year, we also try to add new dimensions so that our shows can continue to be entertaining for our audiences; you will see things tonight that I feel are very exciting. One of tonight's dances incorporates a few other individuals, all of whom are committed to the special needs community in some way. They include parents, teachers, educators and siblings of individuals with special needs who all wanted to be part of this amazing experience in some way.

A special thank you to all of these supporting dancers for joining us in monthly rehearsals in order to put together this one very special dance experience that only highlights the tremendous talent of our cast. Enjoy!
